## Sharpening Device SSG

The SSG sharpening device is suitable for gentle processing of all Durablade® involute blades with low material abrasion. The compact unit for various sharpening angles ensures constant sharpening of the cutting edge thanks to the rotating contour tracking. A counter is integrated for individual specification of sharpening cycles. A water bath improves the sharpening result.

### Advantages

- Gentle blade processing
- Low level of material removal
- Non-actively driven sharpening discs
- Compact device for different sharpening angles
- Constant sharpening of cutting edge thanks to all-round contour tracing
- Counter for the individual specification of sharpening cycles
- Water bath for improved sharpening

# Technical Data

Sharpening angle	18°-36°
Sharpening cycles	can be selected from 1-99999
Height (mm)	1975
Length (mm)	1100
Power supply (V/Hz/A)	400/50/16
Weight (kg)	320
Width (mm)	800

Weber means: service across the board.

#### Weber Upgrades make it possible.

##### New tasks, old machines?

The tasks and challenges in production have grown? To meet this, we offer a wide variety of upgrades for existing lines that are optimally suited to new requirements: whether retrofitting individual components to optimize production or automating existing lines to raise hygiene standards. This is sustainable and economical - and also allows you to stay up-to-date and grow with a manageable investment.

#### Weber Guardian.

##### A safe plan for your production.

Only those who listen can understand. And those who understand can act. With our Weber Guardian program, we harmonize people, machines, and processes to get the most out of production. From preventive maintenance and inspection through targeted personnel development to production support and optimization.

#### Weber Portal.

##### Networked thinking, handling together.

You will find everything about your Weber equipment bundled in your personal Weber Portal. Compact, individual and interactive. From your customer profile and that of your machines to e-learning on your setup as well as convenient spare parts ordering and service offers. Are you already registered?

We are looking forward to hearing from you.
